## Business Excellence Policy

Our aim is attain a sustainable growth pace while creating admirable values for the society and the stake holders by concentrating on the actual business processes. Based on this our excellence policy is outlined as follows:

- Respect for human, environment and work area safety,
- Abiding by all legal legislations and standards on preserving and protection of the environment and natural habitat
- Watch always sustainability,
- Customer focus & happiness as the basic business approach,
- Apply continuous improvement philosophy at all processes,
- Efficient utilization of resources and productivity.
- Working in team spirit,
- Sincerity and trust worthiness at all level and relations.
- Emphasis on training and improving people, and knowledge base.

 **Eco Dynamic**

# Eco Dynamic

- Low Fuel Consumption and long life
- Lower Energy loss
- Improved wet-grip technology
- Quiet and comfortable
- Excellent traction in all conditions

20 YEARS OF EXPERIENCE

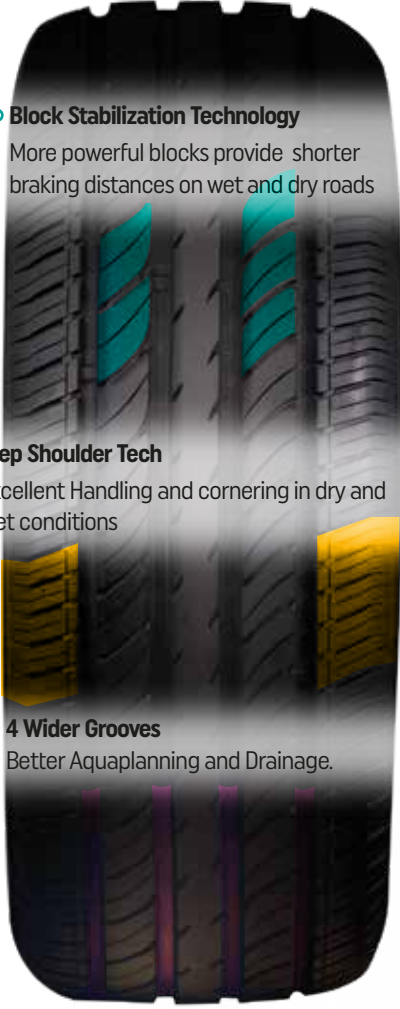

# Technology

waterfalltyres.com

T H V W - Rated  
40/45/50/55/60/65/70/80 Series

○ **Block Stabilization Technology**  
More powerful blocks provide shorter braking distances on wet and dry roads

○ **Step Shoulder Tech**  
Excellent Handling and cornering in dry and wet conditions

○ **4 Wider Grooves**  
Better Aquaplaning and Drainage.

○ **Eco Tire Tech**  
Lighter tires and special compounds provide lower fuel costs and CO2 emissions

○ **Variable Pitch Technology**  
Five variable pitch and specific tread blocks reduce the sound level

○ **Intelligent Compound Tech**  
Provide best performance according to changeable weather conditions.

○ **Improved Carcas Tech**  
Reinforced and lighter construction reduce overall tire weight by 5% for improved rolling resistance

○ **Adaptive Tread Tech**  
The Adaptive Tread Tech providing best performance according to road condition.

○ **Smart Tire Technology**  
Environmental friendly technology is applied fuel efficiency and Safety Driving.
